

SentiCor-100™

User Manual

SentiCor-100

Continuous Non-Invasive Blood Pressure Monitor

ABOUT THIS MANUAL

This manual describes the features and how to operate and use the SentiCor-100 by Sensifree LTD. The SentiCor-100 is a non-invasive, clinical-grade automated device to continuously measure blood pressure.

As Sensifree continuously improves its products, this User Manual is subject to change without notice. The information provided here is believed to be accurate and reliable at the time of document release. If, through the use of this manual, errors, omissions, or incorrect data are noted, please contact Sensifree Technical Support.

The user of this product has sole responsibility for any malfunction that results from improper use, faulty maintenance, improper repair, unauthorized service, damage, or alteration by anyone other than Sensifree LTD (the "Company").

No part of this publication may be reproduced, stored in a retrieval system or transmitted in any form by any means, electronic, mechanical, photo reproductive, recording or otherwise without the express prior written permission of Sensifree.
